

Join The Conversation Safer Spreckels Classrooms Frequently Asked Questions & Answers

Q: Are our schools safe?

A: We must improve school security and emergency communications systems, add safety lighting, automatic door locks, and security cameras, and upgrade earthquake and fire safety systems.

Q: What is the issue?

A: Simply put, our schools are old and urgently need repairs! This includes fixing leaking roofs and decaying walls, plumbing, bathrooms, and gas lines, adding wiring for computer technology, and providing safe drinking water

Q: What priorities have been identified?

A: The Spreckels community – teachers, parents, residents, and the broader community – have identified the following top priorities for our local schools:

- ✓ Continuing to retrain and attract quality teachers
- ✓ Repairing leaky roofs
- ✓ Providing safe drinking water
- ✓ Providing curriculum that includes arts and music
- ✓ Upgrading smoke and fire alarm systems
- ✓ Removing asbestos, lead paint and mold

Q: How can I share my input?

A: We'd love to hear from you! Please join your neighbors and community members by completing the online [Safer Spreckels Classrooms](https://bit.ly/SaferSpreckels) community survey at <https://bit.ly/SaferSpreckels>
